		31/10/1932	49188	Removes statutory speed limit following accident on 9 Sep 1932.
		26/02/1946	67062	Approves plan showing changes in operating circuits of signals at crossing of CPR and Highway No. 15, immediately south of Carleton Place Station.
		18/09/1958	95624	Approves application of Ontario Department of Highways for authority to construct Highway 15 across CPR at m. 16.29.
		05/10/1960	102554	CPR authorized to operate under the overhead bridge for Highway 15 at m. 16.29.
		01/03/1962	107276	Amends 95624 re apportionment of costs.
		24/10/1962	109334	Amends 95624.
		15/10/1962	109256	Approves side clearance on yard track at Carleton Place.
17.01	Franktown Road	10/10/1912	17715	Approves proposed changes to be made to the electric bell protection at Main Street, Carleton Place on condition that trains be limited to a speed not exceeding 10 mph.
		05/01/1927	38612	CPR authorized to shorten up the ringing circuit of the bell at Franktown Road, Carleton Place, m. 17.1 subject to the condition that westbound trains shall be limited to a rate not exceeding 10 mph. 17715 is amended to provide that the restriction as to speed shall apply only to westbound trains.
		01/02/1928	40296	Canadian Shippers Traffic Bureau applied for a ruling that the rate on lumber from Carleton Place to Toronto is 17 1/2 cents per 100 pounds. In the meantime CPR had issued a new tariff providing that the rates published on lumber from Arnprior will apply from Carleton Place to points west of Smiths Falls and south of MacTier unless the mileage rates from Carleton Place are lower. The application was therefore refused.
		14/05/1928	40722	Refuses applicaiton by Canadian Shippers Traffic Brueau for leave to appeal 40296.
	Franktown Road	22/08/1928	41273	Removes statutory speed limit for eastbound trains following accident on 23 Jul 1928, retains 10 mph westbound as required by 38612.

Mileage	Location	Date	Number	Notes
17.1	Franktown Road	29/10/1929	43730	Removes statutory speed limit on eastbound traffic following accident on 2 Oct 1929.
		17/09/1935	52238	Directs Smiths Falls Suburban Area Commission to establish sight lines at crossing on Franktown Road, Tp. Montague, Co Lanark.
	Carleton Place	28/12/1935	52609	Declares CPR crossing of Franktown Road, south of Carleton Place, protected to Board's satisfaction so long as speed limitation of 10 miles an hour is maintained at all points where Franktown Road crosses CPR in Carleton Place.
		20/10/1942	62843	Declares CPR crossing of Franktown Road, south of station at Carleton Place, protected to Board's satisfaction; speed limitation of ten mph to be maintained at all points where Franktown Road crossed CPR at Carleton Place.
	Franktown Road	14/12/1942	63068	Maintains 10 mph speed limit following accident on 1 dec 1942.
		29/06/1944	65024	Directs CPR to install two flashing light signals and one bell at crossing of Highway No. 15 (Franktown Road) south of Carleton Place.
	Carleton Place	26/02/1946	67064	Approves proposed interlocking of all junction switches at Carleton Place.
		21/06/1946	67529	Approves plan showing proposed changes to interlocking plant at Carleton Place.
		30/04/1947	68885	CPR authorized to operate its trains through the interlocking plant at Carleton Place, "without their first being brought to a stop: PROVIDED the signals are in the "proceed" position".
		16/05/1947	68968	Approves location of unloading point of Imperial Oil Ltd. near CPR tracks at Carleton Place.
		26/05/1947	69013	Approves revised plan showing changes in interlocking plant at crossing of CPR, m. 17.1.
	Franktown Road	27/05/1947	69015	Approves revised plan showing flashing light signals and bell to be installed at crossing of Highway No. 15 (Franktown Road) immediately south of station at Carleton Place.
	Carleton Place	17/04/1950	74309	Approves proposed location of unloading rack of Supertest Petroleum Corp. Ltd. near CPR tracks at Carleton Place.
		05/02/1963	110319	Approves location of proposed flammable liquid bulk storage facilities of Imperial Oil to serve Kingsway Lumber.
		04/07/1973	R-16861	Rescinds 110319.
		04/07/1973	R-16861	Rescinds 110319.
17.18	Moore Street	14/06/1922	32517	Requires CPR to maintain a watchman at crossing of Moore Street, when trains are approaching the gateman first close the gate on the south side of the track then cross over to the north side and act as flagman.
		30/04/1947	68882	Rescinds 32517 and relieves CPR from maintaining a watchman at crossing of Moore Street.
		27/05/1947	69020	Approves revised plan showing automatic signals as installed at crossing of Moore Street, Carleton Place.
		09/02/1952	78270	Removes statutory speed limit.
17.24		05/05/1983	R-35147	CPR authorized to make changes to block signal system between m. 17.24 and m. 98.77.
17.26	Lake Avenue	17/11/1910	12313	CPR to install within 30 days an improved type of electric bell, 20% from Railway Grade Crossing Fund. Lake Avenue at the west end of Carleton Place yard.
		24/12/1910	12634	Time for installation of electric bell ordered by 12313 extended to 26 Apr 1911.
		09/02/1929	42182	Removes statutory speed limit following accident on 18 Dec 1928.
		20/03/1931	46455	Removes statutory speed limit following accident on 11 Feb 1931.
		29/05/1946	67416	Authorizes CPR to install two flashing light signals and one bell at Lake Street.
		27/05/1947	69019	Approves revised plan showing automatic signals as installed at CPR crossing of Lake Street, Carleton Place.
		26/03/1982	R-33660	Approves changes to protection.
17.4	Albert Street	27/05/1946	67426	Authorizes CPR to install two flashing light signals and one bell.

Mileage	Location	Date	Number	Notes
17.4	Albert Street	28/05/1947	69028	Approves revised plan showing automatic signals as installed.
		12/06/1970	R-9161	Town of Carleton Place authorized to reconstruct crossing.
		30/03/1982	R-33677	Approves changes to protection.
17.5	Franklin Street	25/08/1970	R-9598	Town of Carleton Place authorized to widen Franklin Street. CPR to install, within 10 months, flashing lights and bell.
		24/07/1972	R-14577	Amends R-9598 re. cost apportionment.
		26/03/1982	R-33661	Approves changes to protection.
17.6	Mill Street	09/10/1986	R-39867	CPR authorized to reconstruct the subway carrying its track over private roadway serving Kenden Industries at m. 17.6 and to operate over the subway during the period of construction.
		16/07/1987	R-40904	CPR authorized to use the subway structure.
17.63	Mississippi River	07/11/1983	R-35831	CPR authorized to reconstruct bridge. CPR may operate trains during the period of performance of the work. Upon completion CPR to have the work inspected by a professional civil engineer. Following affidavit by civil engineer, CPR authorized to operate at speeds not exceeding 30 mph.
		19/12/1984	R-37599	CPR authorized to use bridge, speed restrictions imposed by R-35831 are rescinded.
17.7	Rosamond Street	14/03/1932	48329	Cattle guard and return fence exemption.
		21/12/1949	73672	Removes statutory speed limit.
		09/08/1951	77157	Removes statutory speed limit following accident on 4 Jul 1951.
17.79	William Street	16/11/1910	12302	CPR to install within 30 days an improved type of electric bell, 20% from Railway Grade Crossing Fund.
		24/12/1910	12632	Time for installation of bell ordered by 12302 extended to 15 Apr 1911.

		16/04/1975	R-20463	CPR to install, within 10 months, flashing lights and bell.
		22/06/1977	R-25005	Amends R-20463 re. cost apportionment.
41	Arnprior Interchange	30/05/1978	R-26896	(1) CNR authorized to operate their trains through the interlocking by first bringing the trains to a stop, then to be governed by the indicatins after pressing the push buttons; (2) CPR is authorized to operate its trains through the interlockingwithout their first being brought to a stop providing that the signals are in the PROCEED position.
41.01		01/02/1915	23250	Application by Gillies Brothers of Braeside (3.2 miles west of Arnprior) and George Baker of Arnprior (his plant is located one mile from GTR) for the construction of an interchange track between CPR and GTR at Arnprior. Both companies are at a disadvantage in shipping to points on the GTR. Only company in Arnprior with a private siding is the McLachlin Brothers Lumber Co which already has connection to both railways. GTR agreeable to the connection but CPR is not. Ordered that an interchange should be put in and costs should be borne equally by GTR and Gillies. Costs of maintenance and protection, if any, to be borne by GTR. To be completed by 1 May 1915.
		08/11/1915	24415	(1) Approves the proposed interchange tracks at Arnprior ordered by 23250, a semaphore to be erected west of the CPR switch, at a point to be indicated by the CPR, at the cost of the GTR. (2) GTR authorized to construct the tracks across road allowance between lots 5 & 6; Charlotte Steet (unopened); Norma Street; Ida Street (unopened); Vancourtland Street and McLachlin Street.
		15/12/1924	35904	There is no night traffic on the CNR and, so long as the character of the movements shown to exist continues, CNR and CPR are relieved from maintaining a signalman between the hours of 18:00 and 09:15 daily excepts Sundays and all day on Sundays; the home signals and derails to be set clear for the CPR and the key to the tower to be left in the custody of the CNR.
		07/02/1925	36072	Application by Gillies Bros for an interchange with CNR. Gillies is located at Braeside, 3 miles west of Arnprior. The eastern end of the yard is 5800 feet from the diamond with CNR. Dochert Brick Tile and Terra Cotta Works filed a consent to the transfer of their application to the site now proposed. Interchange tracks ordered by 23250 had not been put in because of the expense, land acquisition, installation of tracks etc. Proposal now was for a public interchange 2 1/4 to 2 1/2 miles from the point ordered under 23250 and would use a siding owned by McLachlin Bros. CN supported this and offered to contribute to the cost. Board felt that the interchange would not be used (nothing has happened for 9 years) and is not justified. Aplication denied.
		14/11/1930	45769	CNR ordered to construct an interchange with CPR at Arnprior.
		12/12/1930	45987	CNR authorized to construct an interchange track at Arnprior across Ida street (unopened), Norma street, Charlotte street (unopened), and the road allowance between lots 5 and 6 on the line between the town of Arnprior and the township of McNab. This interchange was required to be constructed under 45769.
		06/02/1931	46250	CNR and CPR given authority to operate their trains over the interchange tracks at Arnprior.
		27/06/1931	46939	CNR authorized to reconstruct the interlocking plant and to replace same with an automatic interlocking plant consisting of home and distant signals, without derails, the question of installation of derails to be reserved for further consideration.

Mileage	Location	Date	Number	Notes
41.01	Arnprior Interchange	31/08/1931	47290	46939 amended by striking out the words "the question of the installation of derails at the said crossing to be reserved for further consideration".
		02/05/1932	48546	Cost of constructing interchange at Arnprior to be apportioned 90% to CNR and 10% to CPR.
		28/09/1932	49077	Cost of maintenance of interchange at Arnprior to be apportioned 90% to CNR and 10% to CPR.
		17/12/1946	68318	Authorizes CNR and CPR to operate their trains through the interlocking plant at the crossing of the railways at Arnprior.
		05/07/1956	89167	Approves revised plan showing protection as installed at Arnprior at the crossing of CNR and CPR.
		17/11/1977	R-25794	CNR authorized to make changes to the interlocking.

93.54	Pembroke	18/04/1878	PC 1878-301	This changed the location of the extension of the Canada Central from the valley of the Bonnechere River to the Ottawa Route and making the point from which the subsidy would be paid Pembroke instead of Douglas. The extension from Pembroke along the Ottawa River valley at an average distance of 8 to 10 miles from the river, to the projected terminus of the Canadian Pacific Ry. at the southeast corner of Lake Nipissing (Callender Bay). This was retified by Parliament on 7 May 1878.
		19/05/1882	PC 1882-1491	Memorial from the Town of Pembroke setting out the injury accruing to the town through certain changes made in arrangements for the extension of the Canadian Pacific Railway eastwards and claiming that the government should assume the pecuniary responsibilities the town has been forced to make. Committee are of the opinion that grounds are shown and advise that a measure to that end be submitted for the consideration of Parliament at its next session.

Mileage	Location	Date	Number	Notes
93.54	Pembroke	27/03/1883	PC 1883-360	<p>On 19 May 1882 an order in council was passed approving the assumption on the part of the government of certain pecuniary responsibilities incurred by the Corporation of the Town of Pembroke having in view of the extension of the line of the Canada Central Ry. to Pembroke as a terminal point, a position which, by the subsequent action of the government in the adoption of a change of route for the Canadian Pacific Ry., to its great injury lost and by the said order in council it was authorized to submit to Parliament during the present session a measure by means of which the relief asked for by the Corporation could be granted.</p> <p>The Minister represents that the matter was referred to the Minister of Justice for the preparation of such a bill and he reported under date 12th February inst. to the effect that a special act is not necessary.</p> <p>That upon such report the Minister recommends that authority be given for placing in the estimates for the year 1883-84 to be laid before Parliament during the present session a special item of \$85,250 to be paid to the Corporation of the Town of Pembroke the sum carried being arrived at as follows:</p> <p>- Debentures issued - - - - \$75,000 - Balance of indebtedness for right of way - - - - \$3,500 - Interest on the debentures - - - - \$6,750</p>
		24/07/1883	PC 1883-1647	Amends Order in Council of 27 March 1883 to include the payment of interest on the debentures for the half year between 1 Jan 1882 and 30 June 1882.
		10/06/1907	PC 1907-1349	Approves CPR plan to fill in trestle at Pembroke.
		04/07/1907	3347	CPR authorized to make changes and alterations from its station in Pembroke to a point 3200' west of the station. Conditions are: (1) Two openings each with a width of 75' opposite the Muskrat River. (2) One opening 16' wide opposite Victoria Street, for the purpose of carrying and protecting the main sewer of the town, may also be used for the passage of street traffic. (3) Crossing at Albert Street leading to the Government Wharf to be retained, 15" concrete pipe to be put through the bank to serve as a surface drain. (4) Opening opposite Prince Street, which is 42' wide, to be moved easterly to clear the jack ladder of the saw mill. (5) Subway 20' wide to be constructed between Agnes Street and Alexander Street.
		04/07/1907	3244	Department of Public Works authorized to cross at rail level, with the proposed wharf the tracks of CPR opposite the town of Pembroke. The crossing shall be protected by an automatic electric bell - the bell to give warning when trains are one thousand feet distant to the east and one thousand five hundred feet to the west of said crossing.
		06/04/1908	PC 1908-750	Filling in of trestle - location of Prince of Wales Street.
		03/05/1909	7041	Amends 3244 by permitting the automatic bell to be bonded 975' 6" to the east and 972' 6" to the west of the crossing instead of 1000' to the east and 1500' to the west as required by 3244.
		29/06/1965	117877	CNR and CPR authorized to pool the tolls and divide the earnings of a joint telegraph office in Pembroke.
93.56	Brewers Warehouse siding	01/05/1961	104356	Approves clearance on the siding serving Brewer's Warehouse Co at Pembroke.
93.59	McKay Street	14/03/1932	48329	Cattle guard and return fence exemption.
		10/12/1956	90405	Removes statutory speed limit
		12/03/1979	R-28479	Removes statutory speed limit following accident on 26 Jan 1979.
		04/12/1985	R-38761	City of Pembroke authorized to widen crossing, CPR to install, within 12 months, flashing lights and bell.
		22/01/1988	1988-R-2	Amends R-38761 re. cost apportionment.
93.6	Muskrat River	10/10/1910	11913	CPR authorized to use Bridge No. 105.0.
		15/06/1912	PC 1912-1653	Approves plan to rebuild bridge over Muskrat River, bridge 95.8 with an 80' half deck plate girder span on concrete abutments. Approval is subject to the condition that the coffer dams are to be removed to low water level and that all false work etc. is to be completely removed.

Mileage	Location	Date	Number	Notes
93.6	Muskrat River	04/05/1915	PC 1915-924	The abutments of the bridge were completed and the steel span erected upon them but on account of the treacherous nature of the bottom, it was found very difficult to fill in the approaches to the bridge and that, in the course of the work, the river bed, for a considerable distance on both sides of the bridge raised to such an extent that the flow of the stream was completely cut off. It was finally decided to purchase the necessary land and cut a new channel for the river and remove the steel span to the new channel. (1) Order in council of 15 June 1912 is cancelled. (2) Authority is granted to approve the new plan of the bridge to be built over the diversion of the Muskrat River at Meath subject to: - CPR shall, at its own expense, maintain the diverted channel free of obstructions. - CPR shall save His Majesty harmless against all claims that may be made on account of the Company having diverted the river.
		24/10/1977	R-25681	CPR authorized to reconstruct bridge over Muskrat River and to operate its trains over the bridge during the period of reconstruction.
		15/10/1979	R-29760	CPR authorized to operate its trains over the bridge authorized to be reconstructed by R-25681.
93.73	Forest Valley Lumber	14/04/1951	76412	Authorizes CPR to construct two sidings to serve Forest Valley Lumber Ltd. across Prince Street (unopened), Pembroke.
		14/06/1951	76770	Approves operation of CPR trains etc. over private siding serving Forest Valley Lumber Ltd. at Pembroke.
93.81	Albert Street	14/03/1932	48329	Cattle guard and return fence exemption.
		27/07/1946	67694	Authorizes CPR to install two flashing light signals and one bell.
		25/02/1947	68650	Approves revised plan showing signal protection.
		22/08/1949	72959	Approves plan showing changes in operating circuits.
93.82	Prince Street	06/04/1979	R-28630	CPR authorized to (1) replace the bridge over Prince Street by installing a corrugated steel pipe pedestrian underpass and fill; (2) operate its trains over the bridge and fill during the period of replacement.
		14/01/1981	R-31768	CPR authorized to operate over corrugated steel pipe pedestrian underpass and fill.
93.9	Bridge No. 105.3	07/08/1907	3400	Approves plan of proposed permanent work in connection with bridge 105.3.
		10/10/1910	11913	CPR authorized to use Bridge No. 105.3.
93.93	Alexander Street	01/12/1983	R-35954	CPR authorized to reconstruct bridge. CPR may operate trains during the period of performance of the work. Upon completion CPR to have the work inspected by a professional civil engineer. Following affidavit by civil engineer, CPR authorized to operate at speeds not exceeding 50 mph.
		16/03/1984	R-36376	CPR authorized to use the bridge, speed restrictions imposed by R-35954 are revoked.
93.99	Agnes Street	14/03/1932	48329	Cattle guard and return fence exemption.
94	Canadian Splint and Lumber	05/01/1968	R-1006	Approves overhead and side clearances on private siding serving Canadian Splint and Lumber.
		22/11/1983	R-35921	CPR authorized to remove bridge over unused roadway and replace it with 1-900 mm. diameter corrugated steel metal pipe. CPR may operate trains during the period of performance of the work. Upon completion CPR to have the work inspected by a professional civil engineer. Following affidavit by civil engineer, CPR authorized to operate at speeds not exceeding 55 mph.
		13/03/1984	R-36361	CPR authorized to operate over culvert and fill. Speed restrictions in R-35921 are revoked.
94.1	Pembroke Lumber siding	10/05/1921	31000	CPR authorized to construct, within 3 months, an extension to a siding for Maguire, Paterson and Palmer (now Pembroke Lumber) along Water Street and across Victoria and James Streets.
		25/10/1923	34364	CPR authorized to construct, within 6 months, extensions to sidings for Pembroke Lumber along Water Street and across James Street. Approves less than standard clearances.
94.25	Munro Street	22/06/1973	R-16805	CPR authorized to reconstruct bridge over Munro (sic) Street and to operate its trains over the bridge during the period of reconstruction.

Mileage	Location	Date	Number	Notes
94.25	Munro Street	02/05/1979	R-28860	CPR authorized to perate over the bridge.
94.5	Pembroke Street	09/05/1923	33647	CPR to install improved type of automatic bell with wigwag.
		14/07/1923	33903	Time extension for 33647 until 30 days from date of order.
		05/06/1930	44826	Removes statutory speed limit following accident on 8 May 1930. Pembroke Street also known as Moffatt's Crossing.
		14/03/1932	48329	Cattle guard and return fence exemption.
		24/09/1946	67955	Authorizes CPR to install flashing light signals and bell at Pembroke Street, Pembroke.
		25/02/1947	68654	Approves revised plan showing signal protection at CPR crossing of Pembroke Street, Pembroke.
		05/06/1956	88948	Authorizes CPR to make changes to the crossing protection at Pembroke Street, Pembroke.
		12/07/1961	105036	Authorizes Town of Pembroke to construct Pembroke Street West across and over the CPR at m. 94.33.
		16/10/1961	105946	Amends 105036 regarding apportionment of costs of removing and relocating the facilities of Bell Telephone and Pembroke Electric Companies at Pembroke Street West.
		21/10/1965	118732	Rescinds 105036 authorizing town of Pembroke to construct a pedestrian subway at Pembroke Street West.
		10/12/1965	119299	Amends 118732 re cost of maintenance of pedestrian sidewalk.
		29/11/1966	122761	Removes statutory speed limit at Moffatt Street, m. 94.50.
		11/09/1978	R-27572	Removes statutory speed limit following accident on 29 Jun 1978.
		27/10/1983	R-35808	Removes statutory speed limit folowing accident on 7 Oct 1983.
		06/10/1986	R-39836	CPR to install, within 12 months, short arm gates and constant warning time control.
94.88	Interchange spur	15/12/1988	1988-R-1174	Amends R-39836 re. cost apportionment.
		24/11/1924	35810	CNR ordered to pay the cost of installing a connection and interchange trackage with CPR at Pembroke.
		15/02/1928	40353	Amends 35810 by requiring that CPR pay the cost of maintaining the portion of the interchange track from the switch off the main line up to, but not including, the derail, a distance of 270'; and that the CNOR maintain the remainder of the track, on the CPR right of way; CNOR to have the right to use the switching lead down as far as the derail, provided the CNOR does not interfere with the CPR switching to the Pembroke Shook Mills and the interchange siding..
Forced Road	03/03/1928	40418	Amends 41353 by adding at the end "the ditch on the CPR right of way to be maintained by CNOR".	
	27/04/1928	40641	CPR authorized to construct its switch lead across Forced Road between lots 17 & 18, conc. 1 Pembroke twp. on condition that cars not be stored within 200' of the road allowance.	
	14/03/1932	48329	Cattle guard exemption.	
	19/02/1942	61895	Removes statutory speed limit following accident on 21 Jan 1942.	
	09/01/1956	87771	Removes statutory speed limit.	
	13/03/1962	107232	Removes statutory speed limit.	
	24/12/1963	112908	Requires CPR to install automatic protection.	
	29/04/1965	117379	Amends 112908 re apportionment of costs.	
95.1	Pembroke Shook Mills	10/02/1913	18657	CPR authorized to construct, within 6 months, two spurs into Pembroke Shook Mills from m. 106.5 from Ottawa.
		27/11/1913	20910	CPR authorized to construct a branch or spur, within 3 months, to Pembroke Shook Mills from m. 106.5 from Ottawa.
		20/12/1915	24576	CPR authorized to construct, within 6 months, an extension to siding.
	Pembroke Machinery Co. spur	18/02/1918	27006	CPR authorized to construct, within 6 months, a spur for Pembroke Machinery Co. at m. 106.5.

Mileage	Location	Date	Number	Notes
95.1	Pembroke Shook Mills	29/12/1920	30493	CPR authorized to construct, within 6 months, (1) an industrial spur A to B and C to D, for Pembroke Shook Mills; (2) cross twp. roads; (3) cross with a diamond the siding of Steel Equipment Co. at m. 95.1.
		03/02/1921	30625	CPR authorized to construct, within 4 months, a spur for Pembroke Shook Mills at m. 95.1.
		01/10/1937	54933	Approves proposed realignment of branch line of railway serving Pembroke Shook Mills, Pembroke.
95.12	Steel Equipment Co. spur	04/11/1913	20723	CPR authorized to construct, within 3 months, a spur across a public road to Steel Equipment Co. from m. 106.52 from Ottawa. After construction, CPR to put the fence and crossing in first class condition where the spur crosses property of the Pembroke Shook Mills.
95.3	Crossing	14/03/1932	48329	Cattle guard exemption.
95.53		27/10/1944	65373	Cattle guard exemption.
95.93		16/01/1973	R-15787	CPR to install, within 10 months, flashing lights and bell.
		24/03/1974	R-18380	Amends R-15787 re. cost apportionment.
		13/09/1982	R-34356	R-15787 and R-18380 re. cost apportionment.
