

# Orders of General Application - L'Original (Ivaco) Spur

**Identifier**    **Date**    **Notes**

---

PC 1971-2204 19/10/1971 Approves construction, maintenance and operation by CN of a 4.44 mile long spur line commencing at mile 19.84 Vankleek subdivision to serve Industrial Fasteners Ltd wire rod mill. The right of way will be located within the township of West Hawkesbury and the Village of L'Original in the Seignory of Longueuil and sufficient land will be purchased by CN to provide for future trade requirements as plant production increases.  
The capital cost of constructing the spur is estimated to be \$1,092,000 and it is estimated that the railway gross yearly revenue will reach \$2,560,000 by 1974.
