Ottawa Electric

Word from Ottawa at mid-January was that increased fares are to be made effective by the OTC early in February. While the adult cash fare of 15c and ticket rate of 2 for 25c will remain unchanged, the ticket rate of 10 for \$1.00 will be replaced by a rate of eight for \$1.00 and shoppers tickets will sell at nine for \$1.00 instead of 12 for \$1.00. The ticket rate for children will change from five for 25c to four for 25c, and student tickets will sell at 10c or three for 25c, in place of the present charge of 5c.
