The people along the line of the proposed Carp, Almonte and Lanark railway are bestirring themselves with a view to putting the project into early effect. The line would branch from the O.A. & P.S. road at Carp and run through Lanark county to Almonte and tap the C.P.R. near Madoc. It is claimed for it not only that it would open up an exceptionally valuable piece of new country but would provide the shortest possible route between Ottawa and Toronto. The promoters have had their charter for some time and the surveys of the route have been completed.
