Clearing land for rail cutoff.

Land in the Walkley road area south of Billings Bridge is being acquired gradually by the Federal District Commission, it was learned yesterday. The property will be used as a railway cutoff to handle the make-up of trains now being done in the Bank street yards of the Canadian National Railways. Ottawa real estate representatives are handling negotiations for the FDC with 40 home owners in the Russell road area, which is scheduled to be the new industrial area in the Greater Ottawa blueprint.

Picture - King Size Scoop - this DW10 Caterpillar Diesel scraper dwarfs the shovel in the hands of Joseph Boileau of Hull, but both have their part in a \$200,000 scraping job that will see the levelling off of the five mile railway cut-off south of Ottawa. The scraper can dispose of 10 cubic yards of earth in a few minutes. Therrien Construction Company has the contract with the Federal District Commission for the job

Joe McVeigh, who used to farm 70 acres in Ottawa about two and a half miles south of Billings road on a concession road just east of the Metcalfe highway was downcast yesterday.

Joe was out of business as a farmer. He is now employed by the R.L. Crain Limited firm.

Joe's farm, house and barn has all been expropriated by the Federal District Commission to become part of the new railway cut-off from Hawthorne to near Bovesville road.

A crew from the Therrien Construction Company, were at work on the McVeigh farm.

They had brought in the first of the heavy equipment they are going to use to grade the land down two and a half feet.

They use scrapers with Diesel engines and, to insure their traction in the wet ground, a tractor bulldozer is pressed into service.

The scraper carries off 10 cubic yards of earth and the average trip is about 20 minutes.

The Therrien firm has 16 cubic-yard scrapers but they haven't reached Ottawa yet.

It won't be long before Joe McVeigh's house, barn and other farmers' homes nearby will be pulled down and the fields cut down to the proper railway grade.

Meanwhile there are cows relishing the rich autumn pastures before those scrapers start cutting.
