

Local Railway Items from Ottawa Papers 1923

Thursday *14/06/1923* *Chesterville Record* *Winchester* *Chesterville*

The CPR has made considerable change at the station by the removal of the freight shed from the site it has occupied since the road was built to a new site on the north side of the tracks east almost to the stock pens. The convenience of the public does not seem to have entered into consideration when the removal was planned.
